A conference to discuss the proposed application and any opposition thereto was held at 10:00 A.M. on Friday, June 24, 2005, at the Petroleum Club of Lafayette, 111 Heymann Blvd., Lafayette, Louisiana. Mr. Frank Harrison, representing the applicant, presented the basis for the proposed units. Mr. Harrison then asked if there were other plans to be presented. No other plans were presented, however, Mr. Harrison indicated that the applicant was moving the West lines of the proposed units 400' west to include all of the small lots. This was being done to satisfy the request of a number of landowners. The meeting was adjourned and no opposition to this application is expected.

Attached hereto and made a part hereof are plats outlining the applicant's proposal and a list of names and addresses of the Interested Owners, Represented Parties, and Interested Parties to whom a copy of this application is being sent. Pursuant to the Revised Rules of Procedure, such list

of parties is being furnished only to the Commissioner of Conservation and the District Manager of the Lafayette District of the Office of Conservation; however, the list of parties will be furnished by the undersigned to any party requesting a copy of it. A reasonable effort was made to ascertain the names and addresses of all Interested Owners, Interested Parties, and Represented Parties.

Finally, there is enclosed our check on behalf of the applicant, Riceland Petroleum Company, in the sum of \$2,265.00 payable to the Office of Conservation and representing the required hearing application fee.

Yours very truly,
